Weekly Update

Year 1 pupils spent a very enjoyable day at Warwick Castle this week. They learnt about how life then was very different from today. They even watched a falconry demonstration with some huge birds.

Thank you to all the parents, carers and volunteers who were able to give up their time to come along. Without your support we would not be able to give our pupils these first hand experiences.

As the two sites work even more closely together, it is lovely to see the progression of skills being built upon. An example of this is that this week, Year 5 were creating motorised vehicles powered by batteries. This builds directly on the work Year 2 do learning about axles and chassis' to create fire-engines.

THANK YOU!

We had a successful time on Saturday afternoon clearing out the garage at the Grenville site!

A tip run, lots of stuff donated to the tip charity shop and a whole lot of reorganising and it looks amazing and so much tidier!

Helping me out were Jenna Pritchett, Simon Spice and Neville Clarke - massive thank you for spending their time helping to sort this out. Plus Friends children Jessica and Alexander for their help too. Mrs McGrath sorted out all the costumes and we gave her a dozen plastic boxes for them to be stored in.
